I. The Comprehensive School Safety Plan Overview

The Comprehensive School Safety Plan (CSSP) is required by Education Code 32282-32289 to be reviewed and updated by March 1 annually and subsequently submitted for approval to the School Site Council (or School Safety Planning Committee) as well as to the district’s governing board or county office of education. The contents of the CSSP should include at a minimum, information assessing the current status of school crime committed on school campus and at school-related functions, strategies and programs that provide or maintain a high level of school safety, and procedures for complying with existing laws related to school safety. For additional information on school safety programs, policies, or procedures and how you may become involved locally, please contact:

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

School administration at Vicente Martinez High School & Briones School enforces this policy and will not tolerate bullying of any type.

B. Dress Code

2) If student refuses to correct it, student and Principal will call to notify the parent and request a new set of clothing be brought to school.

3) If parent cannot come to school, Principal will get permission to send student home for the day if student continues to refuse the dress code.

C. School Rules & Expectations

Vicente Martinez High School and Briones School

Code of Conduct
Vicente Martinez High School and Briones School is committed to providing a quality educational environment that is safe, secure and peaceful. It is also a commitment of Vicente Martinez High School and Briones School to help all students develop to the maximum of their potential, and to function as responsible members of a democratic society. As students grow toward responsible citizenship and independence, they must develop acceptable behavior traits that show progress toward an understanding of both the respect for constituted authority, and the rights of others. As part of this learning process, students must be held accountable for their actions and recognize that there are consequences for their choices, both good and bad.

GENERAL BEHAVIORAL POLICY

Vicente Martinez High School and Briones School has a clearly defined student behavior policy that was developed by students, parents and staff, and is reviewed and revised each year by a committee made up of all stakeholders in our school community. In addition to being clearly posted in all classrooms, behavioral policies are reviewed with all students at the start of each school year, when students enroll mid-year and when students need a reminder of the policies.

Our school behavior policy is as follows:

- Arrive to class on time and be prepared to participate with clear eyes and mind;
- Treat all teachers, staff and students with respect;
- Complete coursework;
- Stay in class during class time;
- Stay on campus throughout the day and at lunch;
- Use professional and appropriate language;
- Abide by dress code;
- Make positive contributions to the school community.

Students will receive incentives for abiding by the code of conduct. If they do not, there will be appropriate consequences as well as restorative practices.

D. Safe Ingress/Egress Procedures

Supervision of Students
As students arrive on campus each morning, staff and administrators are strategically placed on campus to monitor student behavior. When students are dismissed at the end of the day, staff and administrators ensure students either travel to after school activities or leave campus in a safe and orderly manner.

Visitors
Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office upon arrival, obtain and wear a visitor’s badge, and then return to the school office upon departure.

E. Emergency Radios
All sites are equipped with emergency radios that will allow communication at the site and district level in the event of an emergency. System protocols are in place to ensure appropriate and safe radio communication. Training will be provided to all employees assigned a radio and protocols will be reviewed and updated as necessary.

**F. Say Something**

MUSD has partnered with Sandy Hook Promise to provide a way to identify, intervene and help at-risk individuals. Say Something is a youth violence prevention program from Sandy Hook Promise – a national violence prevention organization. Say Something Anonymous Reporting System allows youth and adults to submit secure & anonymous safety concerns to help identify and intervene upon at-risk individuals BEFORE they hurt themselves or others. The system enables school administrators and law enforcement to create effective interventions and to help prevent violence, suicide, bullying, self-harm and other forms of threatening behavior.

With our Anonymous Reporting System, that is monitored 24/7, it’s easy and completely confidential to report safety concerns to help prevent violence and tragedies through the website, app, or by phone. The crisis center reviews, assesses and processes all submissions and refers them to either law enforcement and/or school administration for intervention.
V. Standard Response Protocol

The Standard Response Protocol (SRP) is based not on individual scenarios but on the response to any given situation. The premise is simple - there are four specific actions that can be performed during an incident. When communicating these, the action given and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders.

The following protocols will be used in the event of an emergency:

LOCKOUT! Get inside. Lock outside doors.
EXAMPLE: Unknown Person / Situation
Take any students in from the hallway
Lock all doors and windows
DO NOT open until given an “All Clear” by administration or police
Access email, if possible
Allow students to communicate with family
If necessary, an evacuation may follow (see EVACUATE!)

LOCKDOWN! Locks, lights, out of sight
EXAMPLE: Intruder on Campus
Is it safe to run?
Is it more safe to hide/stay in the classroom?
Access communication tools (classroom phone, radio, email), if possible
Account for students:
Is anyone missing? Any extra students? Who?
Injuries? How severe?
Any other pertinent info
DO NOT respond to fire alarms during an announced Lockdown unless there is evidence of a fire
DO NOT open until given an “All Clear” by administration or police
Is it necessary to defend yourself?
Make entry into the room as difficult as possible (stack desks, chairs, etc.)
Use anything you can as a defense (books, desks, chairs, etc.)

EVACUATE! To the announced location.
EXAMPLE: Fire / After an earthquake
Bring red backpack
Get to evacuation location and take attendance
In the event the primary location is not viable, keep your class together and use your judgement to find an alternative
Hold up HELP (red), OK (green), or Medical Help sign
Stay with class and await further instruction
SHELTER! Hazard and safety Strategy

EXAMPLE: Earthquake

DROP, COVER, HOLD
After ground movement stops, listen for an announcement
If necessary, an evacuation may follow

EXAMPLE: Hazmat

Turn off ventilation system
Lock all doors and windows
Do not open until given an “All Clear”
If necessary, an evacuation may follow

HOLD! In your classroom. Clear the halls.
EXAMPLE: Ambulance on Campus
Used when halls need to be cleared
Business as usual in the classroom
If the bell rings, stay inside, do not let students out
Access email, if possible
Wait for an “All Clear” announcement
If between classes, students proceed to next class

VI. SEMS (Standardized Emergency Management System Plan)

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Public Information

The task of speaking to the media and making public announcements is likely to be done by the administrator, but may be delegated to a trusted, well-trained teacher.

Safety Officer

The job of overseeing campus security and making sure the working conditions are safe can be done by almost anyone, as long as they are trained and understand their responsibilities.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

Plant/Facilities Staff, Maintenance Staff, Instructional Staff, Nurses
All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students. This function will involve a number of teachers, facilities, food service workers. It will also involve the nurse, if she/he is on site. Under this function, numerous response teams are located:

First Aid Team--school nurse, if possible, and two others (must have first aid and CPR training).

Search and Rescue Teams--two or three teams of two people.

Site Security Team--administrative staff, faculty, food workers, and school security, if present.

Damage Assessment Team--two teams of two facilities people.

Evacuation Team--an administrator and teachers.
Student Release Team—administrators or teachers

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Liaison Officer

The Liaison Officer serves as the point of contact for any assisting and cooperating agency representatives (fire, law enforcement, Red Cross) that may be at the ICP or EOC.
VI. School Safety Compliance

1. Bomb Threats - AR 3516.2

To maintain a safe and secure environment for district students and staff, the Superintendent or designee shall ensure that the district’s emergency and disaster preparedness plan and/or each school's comprehensive safety plan includes procedures for dealing with bomb threats. He/she also shall provide training regarding the procedures to site administrators, safety personnel, and staff members who customarily handle mail, telephone calls, or email.

Receiving Threats

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line in order to gather information about the location and timing of the bomb and the person(s) responsible. To the extent possible, the staff member should also take note of the caller's gender, age, any distinctive features of voice or speech, and any background noises such as music, traffic, machinery, or voices.

If the bomb threat is received through the mail system or in writing, the staff member who receives it should handle the letter, note, or package as minimally as possible. If the threat is received through electronic means, such as email or text messaging, the staff member should not delete the message.

Response Procedure

The following procedure shall be followed when a bomb threat is received:

1. Any employee who receives a bomb threat shall immediately call 911 and also report the threat to the Superintendent or designee. If the threat is in writing, the employee shall place the message in an envelope and take note of where and by whom it was found.
2. Any student or employee who sees a suspicious package shall promptly notify the Superintendent or designee.
3. The Superintendent or designee shall immediately use fire drill signals and initiate standard evacuation procedures as specified in the emergency plan.
4. The Superintendent or designee shall turn off any two-way radio equipment which is located in a threatened building. Law enforcement and/or fire department staff shall conduct the bomb search. No school staff shall search for or handle any explosive or incendiary device.

No one shall re-enter the threatened building(s) until the Superintendent or designee declares that reentry is safe based on law enforcement and/or fire department clearance.

To the extent possible, the Superintendent or designee shall maintain communications with staff, parents/guardians, the Board of Education, other governmental agencies, and the media during the period of the incident.

Following the incident, the Superintendent or designee shall provide crisis counseling for students and/or staff as needed.

Any employee or student found to have made a bomb threat shall be subject to disciplinary procedures and/or criminal prosecution.

Regulation MARTINEZ UNIFIED SCHOOL DISTRICT
approved: November 8, 2010 Martinez, California
2. Bullying - BP 5131.2

The Board of Education recognizes the harmful effects of bullying on student learning and school attendance and desires to provide safe school environments that protect students from physical and emotional harm. District employees shall establish student safety as a high priority and shall not tolerate bullying of any student.

No individual or group shall, through physical, written, verbal, or other means, harass, sexually harass, threaten, intimidate, retaliate, cyberbully, cause bodily injury to, or commit hate violence against any student or school personnel.

Cyberbullying includes the creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person’s electronic account and assuming that person’s identity in order to damage that person’s reputation.

Strategies for addressing bullying in district schools shall be developed with involvement of key stakeholders, including students, parents/guardians, and staff, and may be incorporated into the comprehensive safety plan, the local control and accountability plan, and other applicable district and school plans.

As appropriate, the Superintendent or designee may collaborate with law enforcement, courts, social services, mental health services, other agencies, and community organizations in the development and implementation of joint strategies to promote safety in schools and the community and to provide services for alleged victims and perpetrators of bullying.

Bullying Prevention

To the extent possible, district schools shall focus on the prevention of bullying by establishing clear rules for student conduct and implementing strategies to promote a positive, collaborative school climate. Students shall be informed, through student handbooks and other appropriate means, of district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes effective communication and conflict resolution skills, social skills, character/values education, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

Staff shall receive related professional development, including information about early warning signs of harassing/intimidating behaviors and effective response.

Based on an assessment of bullying incidents at school, the Superintendent or designee may increase supervision and security in areas where bullying most often occurs, such as classrooms, playgrounds, hallways, restrooms, and cafeterias.

Intervention

Students are encouraged to notify school staff when they are being bullied or suspect that another student is being victimized. In addition, the Superintendent or designee shall develop means for students to report threats or incidents confidentially and anonymously.

School staff who witness an act of bullying shall immediately intervene to stop the incident when it is safe to do so.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.
The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee. Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report his/her observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3 - Uniform Complaint Procedures.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Investigation and Resolution of Complaints

Any complaint of bullying shall be investigated and, if determined to be discriminatory, resolved in accordance with law and the district's uniform complaint procedures specified in AR 1312.3.

If, during the investigation, it is determined that a complaint is about nondiscriminatory bullying, the principal or designee shall inform the complainant and shall take all necessary actions to resolve the complaint.

Discipline

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations.

Any employee who permits or engages in bullying or retaliation related to bullying shall be subject to disciplinary action, up to and including dismissal.

Policy MARTINEZ UNIFIED SCHOOL DISTRICT
adopted: September 28, 2015 Martinez, California
3. Bus Conduct - BP 5131.1

In order to help ensure the safety and well-being of students, bus drivers, and others, the Board of Education expects students to exhibit appropriate and orderly conduct at all times when using school transportation, including while preparing to ride, riding, or leaving the bus.

The Superintendent or designee shall establish regulations related to student conduct on buses, bus driver authority, and the suspension of riding privileges. He/she shall make these rules available to parents/guardians, students, and other interested parties. (5 CCR 14103)

Students found to be in violation of the district's bus conduct rules shall be subject to discipline in accordance with Board policy and administrative regulation.

The Superintendent or designee may deny a student the privilege of using school transportation upon the student's continued disorderly conduct or his/her persistent refusal to submit to the authority of the driver. (5 CCR 14103)

Bus Surveillance Systems

The Board believes that the use of surveillance systems on school buses will help to deter misconduct and improve discipline, ensure the safety of students and bus drivers, and prevent vandalism. Students who violate district or school rules and regulations may be subject to discipline including, but not limited to, suspension, expulsion, transfer to alternative programs, referral to a student success team or counseling services, or denial of participation in extracurricular or cocurricular activities or other privileges in accordance with Board policy and administrative regulation. The Superintendent or designee shall notify local law enforcement as appropriate.

Students also may be subject to discipline, in accordance with law, Board policy, or administrative regulation, for any off-campus conduct during nonschool hours which poses a threat or danger to the safety of students, staff, or district property, or substantially disrupts school activities.

Policy   MARTINEZ UNIFIED SCHOOL DISTRICT
adopted: June 25, 2012 Martinez, California

12. Discipline – BP 5144

The Board of Education is committed to providing a safe, supportive, and positive school environment which is conducive to student learning and to preparing students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The Superintendent or designee shall design a complement of effective, age-appropriate strategies for maintaining a positive school climate and correcting student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices.

In addition, the Superintendent or designee's strategies shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures as a means for correcting student misbehavior.

Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as detention, suspension, and expulsion, shall be imposed only when required by law or when other means of correction have been documented to have failed. (Education Code 48900.5)
The Superintendent or designee shall create a model discipline matrix that lists violations and the consequences for each as allowed by law.

The administrative staff at each school may develop disciplinary rules to meet the school's particular needs consistent with law, Board policy, and district regulations. The Board, at an open meeting, shall review the approved school discipline rules for consistency with Board policy and state law. Site-level disciplinary rules shall be included in the district's comprehensive safety plan. (Education Code 35291.5, 32282)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health, well-being, and opportunity to learn.

Persistently disruptive students may be assigned to alternative programs or removed from school in accordance with law, Board policy and administration regulation.

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. (Education Code 49001)

However, corporal punishment does not include any pain or discomfort suffered by a student as a result of his/her voluntary participation in an athletic or other recreational competition or activity. In addition, an employee's use of force that is reasonable and necessary to protect himself/herself, students, staff, or other persons, to prevent damage to property, or to obtain possession of weapons or other dangerous objects within the control of the student is not corporal punishment.

The Superintendent or designee shall provide professional development as necessary to assist staff in developing the skills needed to effectively implement the disciplinary strategies adopted for district schools, including, but not limited to, consistent school and classroom management skills, effective accountability and positive intervention techniques, and development of strong, cooperative relationships with parents/guardians.

District goals for improving school climate, based on suspension and expulsion rates, surveys of students, staff, and parents/guardians regarding their sense of school safety, and other local measures, shall be included in the district's local control and accountability plan, as required by law.

At the beginning of each school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in district schools in the immediately preceding school year and their effect on student learning.

Policy MARTINEZ UNIFIED SCHOOL DISTRICT
adopted: August 25, 2014 Martinez, California

1. Parents/guardians
2. Teachers
3. School administrators
4. School security personnel, if any
5. For junior high and high schools, students enrolled in the school

Annually, site-level discipline rules shall be reviewed and, if necessary, updated to align with any changes in district discipline policies or goals for school safety and climate as specified in the district's local control and accountability plan. A copy of the rules shall be filed with the Superintendent or designee for inclusion in the comprehensive safety plan.

School rules shall be communicated to students clearly and in an age-appropriate manner.
It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary Strategies
To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Except when a student's presence causes a danger to himself/herself or others or he/she commits a single act of a grave nature or an offense for which suspension or expulsion is required by law, suspension or expulsion shall be used only when other means of correction have failed to bring about proper conduct. Disciplinary strategies may include, but are not limited to:
1. Discussion or conference between school staff and the student and his/her parents/guardians
2. Referral of the student to the school counselor or other school support service personnel for case management and counseling
3. Convening of a study team, guidance team, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and his/her parents/guardians
4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan
5. Enrollment in a program for teaching prosocial behavior or anger management
6. Participation in a restorative justice program
7. A positive behavior support approach with tiered interventions that occur during the school day on campus
8. Participation in a social and emotional learning program that teaches students the ability to understand and manage emotions, develop caring and concern for others, make responsible decisions, establish positive relationships, and handle challenging situations capably
9. Participation in a program that is sensitive to the traumas experienced by students, focuses on students' behavioral health needs, and addresses those needs in a proactive manner
10. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups
11. Recess restriction as provided in the section below entitled "Recess Restriction"
12. Detention after school hours as provided in the section below entitled "Detention After School"
13. Community service as provided in the section below entitled "Community Service"
14. In accordance with Board of Education policy and administrative regulation, restriction or disqualification from participation in extracurricular activities
15. Reassignment to an alternative educational environment
16. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

When, by law or district policy, other means of correction are required to be implemented before a student could be suspended or expelled, any other means of correction implemented shall be documented and retained in the student's records. (Education Code 48900.5)
Recess Restriction
A teacher may restrict a student's recess time only when he/she believes that this action is the most effective way to bring about improved behavior. When recess restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:
1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.
3. Teachers shall inform the principal of any recess restrictions they impose.

Detention After School
Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal or designee shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal or designee notifies the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention. Students may be offered the choice of serving their detention on Saturday rather than after school.

Community Service
As part of or instead of disciplinary action, the Board, Superintendent, principal, or principal's designee may, at his/her discretion, require a student to perform community service during nonschool hours on school grounds or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then the student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students
At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

The Superintendent or designee shall also provide written notice of disciplinary rules to transfer students at the time of their enrollment in the district.

14. Dress and Grooming – BP 5132

The Board of Education believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students’ clothing must not present a health or safety hazard or a distraction which would interfere with the educational process.

Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action.

Gang-Related Apparel
The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school’s activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school’s students.

Policy  MARTINEZ UNIFIED SCHOOL DISTRICT
adopted: April 28, 2003 Martinez, California

3. Hats, caps and other head coverings shall not be worn indoors.

4. Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.

6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.
No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

The Superintendent or designee shall provide in-service training which helps staff to identify gangs and gang symbols, recognize early manifestations of disruptive activities, and respond appropriately to gang behavior. Staff shall be informed about conflict management techniques and alerted to intervention measures and community resources. The Board realizes that students become involved in gangs for many reasons, such as peer pressure, the need for a sense of belonging, and lack of refusal skills. Age-appropriate gang violence prevention education may start with students in the early elementary grades.
To further discourage the influence of gangs, the Superintendent or designee shall ensure that school rules of conduct and any school dress code prohibiting gang-related apparel are enforced consistently. If a student exhibits signs of gang affiliation, staff shall so inform the parent/guardian.

21. Nondiscrimination/Harassment – BP 5145.3

The Board of Education desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. He/she shall report his/her findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

3. Provide to students a handbook that contains age-appropriate information that clearly describes the district's nondiscrimination policy, procedures for filing a complaint, and resources available to students who feel that they have been the victim of any such behavior. (Education Code 234.1)

4. Annually notify all students and parents/guardians of the district's nondiscrimination policy, including its responsibility to provide a safe, nondiscriminatory school environment for all students, including transgender and gender-nonconforming students. The notice shall inform students and parents/guardians that they may request to meet with the compliance officer to determine how best to accommodate or resolve concerns that may arise from the district's implementation of its nondiscrimination policies. The notice shall also inform all students and parents/guardians that, to the extent possible, the district will address any individual student's interests and concerns in private.

5. The Superintendent or designee shall ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.
   If 15 percent or more of students enrolled in a particular district school speak a single primary language other than English, the district’s policy, regulation, forms, and notices concerning nondiscrimination shall be translated into that language in accordance with Education Code 234.1 and 48985. In all other instances, the district shall ensure meaningful access to all relevant information for parents/guardians with limited English proficiency.

6. Provide to students, employees, volunteers, and parents/guardians age-appropriate training and information regarding the district's nondiscrimination policy; what constitutes prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying; how and to whom a report of an incident should be made; and how to guard against segregating or stereotyping students when providing instruction, guidance, supervision, or other services to them. Such training and information shall include details of guidelines the district may use to provide a discrimination-free environment for all district students, including transgender and gender-nonconforming students.

7. At the beginning of each school year, inform school employees that any employee who witnesses any act of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, against a student is required to intervene if it is safe to do so. (Education Code 234.1)

8. At the beginning of each school year, inform each principal or designee of the district's responsibility to provide appropriate assistance or resources to protect students' privacy rights and ensure their safety from threatened or potentially discriminatory behavior.

Enforcement of District Policy
The Superintendent or designee shall take appropriate actions to reinforce BP 5145.3 - Nondiscrimination/Harassment. As needed, these actions may include any of the following:

1. Removing vulgar or offending graffiti
2. Providing training to students, staff, and parents/guardians about how to recognize unlawful discrimination, how to report it or file a complaint, and how to respond
3. Disseminating and/or summarizing the district's policy and regulation regarding unlawful discrimination
4. Consistent with the laws regarding the confidentiality of student and personnel records, communicating the school's response to students, parents/guardians, and the community
5. Taking appropriate disciplinary action against students, employees, and anyone determined to have engaged in wrongdoing in violation of district policy, including any student who is found to have filed a complaint of discrimination that he/she knew was not true
Process for Initiating and Responding to Complaints
Any student who feels that he/she has been subjected to unlawful discrimination described above or in district policy is strongly encouraged to immediately contact the compliance officer, principal, or any other staff member. In addition, any student who observes any such incident is strongly encouraged to report the incident to the compliance officer or principal, whether or not the alleged victim files a complaint.

Any school employee who observes an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, or to whom such an incident is reported shall report the incident to the compliance officer or principal within a school day, whether or not the alleged victim files a complaint.

Any school employee who witnesses an incident of unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall immediately intervene to stop the incident when it is safe to do so. (Education Code 234.1)

(cf. 5141.4 - Child Abuse Prevention and Reporting)

Transgender and Gender-Nonconforming Students
Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense of his/her gender, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth. (Education Code 210.7)

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender he/she was assigned at birth.

Regardless of whether they are sexual in nature, acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment are prohibited. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:
1. Refusing to address a student by a name and the pronouns consistent with his/her gender identity
2. Disciplining or disparaging a student or excluding him/her from participating in activities for behavior or appearance that is consistent with his/her gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student’s entry to the bathroom that corresponds to his/her gender identity
4. Taunting a student because he/she participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student’s transgender status to individuals who do not have a legitimate need for the information, without the student’s consent
6. Use of gender-specific slurs
7. Physical assault of a student motivated by hostility toward him/her because of his/her gender, gender identity, or gender expression

The district’s uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.
Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student’s asserted gender identity, denial of access to facilities that correspond with a student’s gender identity, improper disclosure of a student’s transgender status, discriminatory enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student’s transgender or gender-nonconforming status is his/her private information and the district shall only disclose the information to others with the student’s prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student’s physical or mental well-being. In any case, the district shall only allow disclosure of a student’s personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 34 CFR 99.31. Any district employee to whom a student’s transgender or gender-nonconforming status is disclosed shall keep the student’s information confidential. When disclosure of a student’s gender identity is made to a district employee by a student, the employee shall seek the student’s permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student’s information confidential, unless he/she is required to disclose or report the student’s information pursuant to this administrative regulation, and shall inform the student that honoring the student’s request may limit the district’s ability to meet the student’s needs related to his/her status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student’s transgender or gender-nonconformity status or gender identity or gender expression to his/her parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student’s Gender Identity: The compliance officer shall accept the student’s assertion of his/her gender identity and begin to treat the student consistent with his/her gender identity unless district personnel present a credible and supportable basis for believing that the student’s assertion is for an improper purpose.

3. Addressing a Student’s Transition Needs: The compliance officer shall arrange a meeting with the student and, if appropriate, his/her parents/guardians to identify and develop strategies for ensuring that the student’s access to education programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student’s rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student’s access to facilities and to academic or educational support programs,
services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to his/her status as a transgender or gender-nonconforming individual, so that prompt action could be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting his/her educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.

4. Accessibility to Sex-Segregated Facilities, Programs, and Activities: When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, access to a staff member's office, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because he/she is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with his/her gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with his/her gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.

5. Student Records: A student's legal name or gender as entered on the mandatory student record required pursuant to 5 CCR 432 shall only be changed pursuant to a court order. However, at the written request of a student or, if appropriate, his/her parents/guardians, the district shall use the student's preferred name and pronouns consistent with his/her gender identity on all other district-related documents. Such preferred name may be added to the student's record and official documents as permitted by law.

6. Names and Pronouns: If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with his/her gender identity, without the necessity of a court order or a change to his/her official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.

7. Uniforms/Dress Code: A student has the right to dress in a manner consistent with his/her gender identity, subject to any dress code adopted on a school site.

(Welfare and Institutions Code 827)

Any court-initiated information that a teacher, counselor, or administrator receives shall be kept confidential and used only to rehabilitate the student and protect other students and staff. (Welfare and Institutions Code 827)

When a student is removed from school as a result of his/her offense, the Superintendent shall hold the court’s information in a separate confidential file until the student is returned to the district. Such procedures shall be regularly reviewed to reflect changed circumstances and to assess their effectiveness in achieving safe school objectives.

The Superintendent or designee shall consult with law enforcement authorities to plan for police support during school disruptions. approved: April 28, 2003 Martinez, California

The Board of Education is fully committed to promoting a safe learning environment and, to the extent possible, eliminating the possession and use of weapons, illegal drugs, and other controlled substances by students on school premises and at school activities. As necessary to protect the health and welfare of students and staff, school officials may search students, their property, and/or district property under their control and may seize illegal, unsafe, or otherwise prohibited items.
The Board urges that employees exercise discretion and good judgment. When conducting a search or seizure, employees shall act in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall ensure that staff who conduct student searches receive training regarding the requirements of the district's policy and administrative regulation and other legal issues, as appropriate.

Individual Searches

School officials may search any individual student, his/her property, or district property under his/her control when there is a reasonable suspicion that the search will uncover evidence that he/she is violating the law, Board policy, administrative regulation, or other rules of the district or the school. Reasonable suspicion shall be based on specific and objective facts that the search will produce evidence related to the alleged violation. The types of student property that may be searched by school officials include, but are not limited to, lockers, desks, purses, backpacks, student vehicles parked on district property, cellular phones, or other electronic communication devices.

Any search of a student, his/her property, or district property under his/her control shall be limited in scope and designed to produce evidence related to the alleged violation. Factors to be considered by school officials when determining the scope of the search shall include the danger to the health or safety of students or staff, such as the possession of weapons, drugs, or other dangerous instruments, and whether the item(s) to be searched by school officials are reasonably related to the contraband to be found. In addition, school officials shall consider the intrusiveness of the search in light of the student's age, gender, and the nature of the alleged violation.

Employees shall not conduct strip searches or body cavity searches of any student. (Education Code 49050)

Searches of individual students shall be conducted in the presence of at least two district employees.

The principal or designee shall notify the parent/guardian of a student subjected to an individualized search as soon as possible after the search.

Any items contained in a locker or desk shall be considered to be the property of the student to whom the locker or desk was assigned.

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and prompt action shall be taken to stop any harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made

7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues

8. A clear message that, when needed, the district will take interim measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation and that, to the extent possible, when such interim measures are taken, they shall not disadvantage the complainant or victim of the alleged harassment

Complaint Process and Disciplinary Actions

Sexual harassment complaints by and against students shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.
Upon investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall have his/her employment terminated in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

Any prohibited conduct that occurs off campus or outside of school-related or school-sponsored programs or activities will be regarded as sexual harassment in violation of district policy if it has a continuing effect on or creates a hostile school environment for the complainant or victim of the conduct.

Reporting Process and Complaint Investigation and Resolution

Any student who believes that he/she has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to his/her teacher, the principal, or any other available school employee. Within one school day of receiving such a report, the school employee shall forward the report to the principal or the district's compliance officer identified in AR 1312.3. In addition, any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report his/her observation to the principal or a district compliance officer. The employee shall take these actions, whether or not the alleged victim files a complaint.

When a report or complaint of sexual harassment involves off-campus conduct, the principal shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If he/she determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the principal or compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with the district's uniform complaint procedures. Regardless of whether a formal complaint is filed, the principal or compliance officer shall take steps to investigate the allegations and, if sexual harassment is found, shall take prompt action to stop it, prevent recurrence, and address any continuing effects.
If a complaint of sexual harassment is initially submitted to the principal, he/she shall, within two school days, forward the report to the compliance officer to initiate investigation of the complaint. The compliance officer shall contact the complainant and investigate and resolve the complaint in accordance with law and district procedures specified in AR 1312.3.

In investigating a sexual harassment complaint, evidence of past sexual relationships of the victim shall not be considered, except to the extent that such evidence may relate to the victim's prior relationship with the respondent.

In any case of sexual harassment involving the principal, compliance officer, or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or designee who shall determine who will investigate the complaint.

Confidentiality

All complaints and allegations of sexual harassment shall be kept confidential except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

However, when a complainant or victim of sexual harassment notifies the district of the harassment but requests confidentiality, the compliance officer shall inform him/her that the request may limit the district's ability to investigate the harassment or take other necessary action. When honoring a request for confidentiality, the district will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request.

When a complainant or victim of sexual harassment notifies the district of the harassment but requests that the district not pursue an investigation, the district will determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students.

Response Pending Investigation

When an incident of sexual harassment is reported, the principal or designee, in consultation with the compliance officer, shall determine whether interim measures are necessary pending the results of the investigation. The principal/designee or compliance officer shall take immediate measures necessary to stop the harassment and protect students and/or ensure their access to the educational program. To the extent possible, such interim measures shall not disadvantage the complainant or victim of the alleged harassment. Interim measures may include placing the individuals involved in separate classes or transferring a student to a class taught by a different teacher, in accordance with law and Board policy. The school should notify the individual who was harassed of his/her options to avoid contact with the alleged harasser and allow the complainant to change academic and extracurricular arrangements as appropriate. The school should also ensure that the complainant is aware of the resources and assistance, such as counseling, that are available to him/her. As appropriate, such actions shall be considered even when a student chooses to not file a formal complaint or the sexual harassment occurs off school grounds or outside school-sponsored or school-related programs or activities.

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct

2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

A vote to expel a student shall be taken in a public session.

The Board may vote to suspend the enforcement of the expulsion order pursuant to the requirements of law and the accompanying administrative regulation. (Education Code 48917)

32. Transportation Safety Plan – AR 3543

Cautionary Notice: Government Code 17581.5 relieves districts from the obligation to perform specified mandated activities when the Budget Act does not provide reimbursement during that fiscal year. The Budget Act of 2016 (SB 826, Ch. 23, Statutes of 2016) extends the suspension of these requirements through the 2016-17 fiscal year. As a result, certain provisions of the following administrative regulation related to transportation safety plans and safety instruction for students may be suspended.

At the completion of each day's work, the driver shall prepare and sign a written report of the condition of the equipment specified in 13 CCR 1215. The report shall indicate any defect or deficiency discovered by or reported to the driver which would affect safe operation or result in mechanical breakdown of the bus or, if no defect or deficiency was discovered or reported, shall so indicate. Any defect or deficiency that would affect safe operation shall be repaired prior to operating the bus. (13 CCR 1215)

Passenger Restraint Systems

The Superintendent or designee shall ensure that any school bus or student activity bus which is purchased or leased by the district is equipped with a combination pelvic and upper torso passenger restraint system at all designated seating positions if that bus: (Vehicle Code 27316, 27316.5; 13 CCR 1201)

Students who fail to follow instructions of the bus driver may be subject to discipline, including suspension of riding privileges, in accordance with Board policy and administrative regulations.

The Board of Education believes that it is important for parents/guardians and community members to take an active interest in the issues affecting district schools and students. Therefore, the Board encourages interested parents/guardians and community members to visit the schools and participate in the educational program.

To ensure the safety of students and staff and minimize interruption of the instructional program, the Superintendent or designee shall establish procedures which facilitate visits during regular school days. The principal or designee or school security officer may revoke any outsider’s registration if he/she has a reasonable basis for concluding that the individual’s presence on school grounds would interfere or is interfering with the peaceful conduct of school activities or would disrupt or is disrupting the school, students, or staff. If the principal grants such permission, he/she shall provide the student and staff person with a written explanation regarding any limitations and the permissible duration of the student's possession.

When the principal or designee grants permission, he/she shall take all necessary precautions to ensure the safety of all persons on school grounds, including, but not limited to, inspecting a firearm to verify that no live ammunition is present. Any weapon allowed shall be stored in a locked vehicle or in an appropriate, locked container before and after its authorized use.

A student granted permission to possess a weapon may be suspended and/or expelled if he/she possesses or uses the weapon inappropriately.

Possession of Pepper Spray

To prevent potential misuse that may harm students or staff, students are prohibited from carrying tear gas or tear gas weapons such as pepper spray on campus or at school activities.

Reporting of Dangerous Objects

The Board encourages students to promptly report the presence of weapons, injurious objects, or other suspicious activity to school authorities. The identity of a student who reports such activity shall remain confidential to the extent permitted by law.

The Superintendent or designee shall develop strategies designed to facilitate student reporting of the presence of injurious objects on school grounds, such as tip hotlines, electronic transmissions, or other methods that preserve the student's anonymity. Incident reports and records shall not identify the student who reported the possession. The Superintendent or designee also shall inform staff, students, and parents/guardians that students who report the presence of injurious objects on school campuses are to be protected and their identity shielded.
